EXPERIENCE

SnapSuite Inc

User Experience Designer, May 2018 - September 2018
Worked on digital products such as white papers and marketing videos. Designed and coded two websites, one for onboarding clients and payments, and another which was a customer portal.

This position focused half on design and half on programming. To design, Figma, Illustrator and After Effects were used. For programming, VueJS Framework, HTML, CSS, & jQuery was used.

SAP Waterloo

UI/UX Designer, May 2017 - September 2017
Designed the User Experience, User Interface, and built the website for the Toronto International Film Festival's Film Recommendation Tool. Designed and built a showcase website for SAP Predictive Analytics.

Created mockups using Sketch, and Illustrator. This position focused on programming and for that HTML, CSS, JavaScript, & jQuery was used.

SAP Labs Palo Alto

Videographer, June 2016 - September 2016
The team wanted students to understand and experience what other students had gone through during and after completing their course *Organizational Psychology of Design Thinking: Empowering Design Minded Intrapreneurs* at Stanford University.

Coordinated, interviewed, recorded, edited and created videos of nineteen prior students and four lecturers. The final videos were presented to the Chief Officers of SAP.

University of Waterloo

Part-Time Teaching Assistant, September 2017 - April 2019

Fashion for Change

Digital X Head, November 2018 - ongoing

Fashion for Change

UX Designer, November 2017 - June 2018

EDUCATION

University of Waterloo

School of Interaction Design and Business
Bachelor of Global Business and Digital Arts, September 2015 - April 2019

This program offers a range of different courses that deal with digital media and business. This can range from courses on User Experience Design to Video Production. Our business courses range from Marketing to Economics. This converges in two separate capstone projects in the fourth year.
