Work Experience

SAP Labs Waterloo

UI/UX Design Intern

Waterloo, ON

May 2017 - September 2017

Created a video that was shown at a company event, created
a website which acted as a demo for one of SAP's products.
Working on a website that will create film
recommendations to users. Heavy use of HTML, CSS, JavaScript.

SAP Labs LLC

UX Designer/Videographer Intern

Palo Alto, CA

June 2016 - September 2016

Interviewed, filmed, edited, and published 19 videos in
partnership with Stanford University to create educational
content about UX and design thinking. These videos were used
to provide students with more information on classes at the d.school.
This made the classes more intuitive and was praised inside and
outside of SAP. Worked with design thinkers to develop and apply
ux to product and videos. Implemented design thinking and ux
design on web based projects.

Federation of Students

Visual Media Coordinator

Waterloo, ON

May 2015 - May 2016

Produced visual content for distribution across different
mediums. Wrote and directed marketing content. Filmed and
edited video and photo content for marketing purposes.
Advertised content over social media sites - fb, instagram,
youtube, twitter.
