EXPERIENCE

University of Waterloo
Teaching Assistant, Fall 2018
As a teachers assistant, I help to guide the class, mark projects, exams, and term papers. This course is an Introduction to Digital Culture.

SnapSuite Inc
User Experience Designer, Summer 2018
At SnapSuite, some of my time was spent on digital products such as white papers and marketing videos. The other half of my time was spent designing and building websites for us to better manage customers.

Fashion for Change
User Experience Designer, 2017 - 2018
At Fashion for Change, I was the User Experience Designer for a refresh of the Fashion for Change website. I was on the project from concept, to release. I worked on evaluating the old website, testing, and redesign.
